

We Bring Innovation To Your Business

 **tridens**
t e c h n o l o g y

Tridens is a software technology company located in the heart of Europe, nestled between the Alps and the Adriatic Sea, providing innovative IT solutions, system integration, and software engineering services to help its clients' businesses become high-performance companies.

When you work with Tridens, your team becomes our team, your goals become our goals, and our successes become yours.

”

With over 15 years of industry experience in software engineering and system integration, we combine innovation and expertise to create agile, reliable, and scalable solutions for our customers.

Mission

We create and deliver technology solutions for you that fit your needs and drive the results you want. Tridens enables you to transform your organization and empowers you to respond more rapidly and intuitively to changing market dynamics.

Vision

When we created Tridens a decade ago, our goal was the same as it is today: to help businesses become innovative and high-performance companies by bringing the best products and services to market as soon as possible.

ORACLE®

Communications

As an Oracle Gold Partner, we enable you to maximize your Oracle investment. We can help you deploy, upgrade, optimize, and support your Oracle Billing and Revenue Management, Order and Service Management, MetaSolv Solution, Automated Service Activation Platform, Online Mediation Controller, and Offline Mediation Controller applications.

Software Engineerings

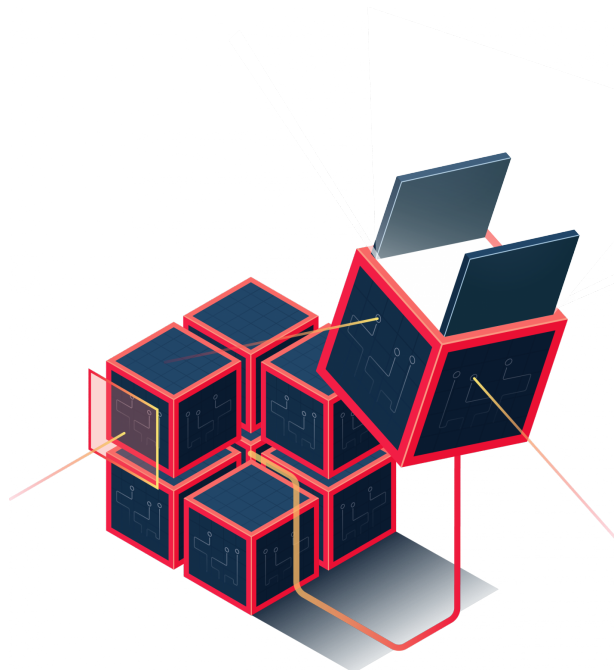

**Engineer Your Future:
Dream. Build. Scale.**

Tridens engineers turn innovative ideas into business differentiation with custom capabilities.

System Integration

**Consolidate Your Systems.
Simplify Your Business.**

Tridens software integration engineers are on hand to handle your integration challenges, from architecture design, to testing, to execution.

MONETIZATION

Monetize Anything-as-a-Service

Tridens Monetization is an innovative, real-time, convergent charging, and monetization platform for any industry, any business model, and any revenue stream in today's digital economy.

Electric Vehicle Charging

Tridens Charge & Drive is an all-in-one software solution for Charge Point Operators (CPO) and e-Mobility Service Providers (EMP).

CHARGE & DRIVE

DRIVE & PAY

Pay-As-You-Drive Insurance

Tridens Drive & Pay is a pay-as-you-go software solution for insurance companies, enabling them to charge their customers for subscription and usage-based consumption services.

PRODUCT CATALOG

Create, Deploy and Manage Across all Channels

Tridens Product Catalog enables organizations to develop and deliver dynamic product catalogs across all channels. With it, companies can bundle offerings, simplify the process of defining and classifying products, and equip marketers with tools for configuring pricing rules.

PAYMENT GATEWAY

Scale Your Payments Globally

Tridens Payment Gateway supports payment providers such as Braintree, PayPal, Stripe, Authorize.net, Cybersource, etc.

TAX GATEWAY

Make Taxes Simple

Don't spend time wondering whether you're taxing, paying, and reporting correctly. Tridens Tax Gateway provides integrations with tax calculation providers such as Vertex, SureTax, and Avalara.

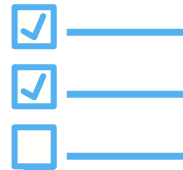

How We Do It?

We empower companies across different industries to innovate faster and reinvent their business models digitally by using Tridens' services and technologies.

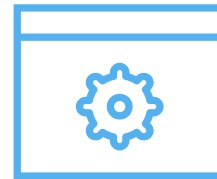

Our Solutions are Cloud-Ready

We believe that all solutions need to be cloud-ready - whether for private cloud, public cloud, or hybrid.

We Use Proven Technologies, Tools, and Methodologies

To come out with the the reliable and scalable solutions, we need to use proven elements and combine them perfectly.

Using Microservices and DevOps as a Game-Changer

Combining Microservices with an agile DevOps approach ensures you a powerful way to innovate faster and to identify and satisfy your customers' needs, in the shortest time possible.

Create Awesome Customer-centric UX

Our experienced UX and Designer teams can work with you and your customers to create the best user experience in your industry.

Why Choose Us?

You can focus on your business - while we take care of the technology.
