Testimonials #1

Tridens has been a highly effective partner in launching and providing operational support to Mast Mobile. The team has worked flexibly to integrate Oracle BRM with our cloud-based communication platform and have demonstrated the flexibility of Oracle BRM to support disruptive new business models. They have also handled multiple integrations seamlessly, including payment gateways, Salesforce, Netsuite, and Avalara. They have worked well with our dev team across different locations/time zones and really act as part of our team in every way.

David Messenger, Mast Mobile, CEO

Testimonials #2

We selected Oracle partner Tridens due to its expertise in software development and deep knowledge of Oracle Communications Billing and Revenue Management. Tridens conducted the upgrade in less than five months, developed extensions and customizations, and it provided integration with other IT systems. In addition, its consultants developed the Oracle Communications Billing and Revenue Management platform for hosting MVNO services, and it provides us with ongoing support, maintenance, and development, so that we can use the system to its fullest.

Ognjen Antić, Tušmobil, Billing Manager
